

Pic2go for Visitor Attractions

1 Amplify
Visitors'
Engagement

3 Gain Social
Media Exposure

2 Acquire
Facebook Likes

**Grant visitors with memorable photos to share on
Facebook and make them your social ambassadors !**

How Does it Work ?

Visitors are photographed with special barcode cards

Visitors type picture-code in park's website and "like" park

A branded album is created in visitors' personal Facebook

All The Benefits

Simple and Cost Effective Operation

- 1 No need for special/expensive photography equipment.
- 2 No need to capture visitors' data. Photos are matched to visitors automatically.
- 3 Use your own staff. Operation is easy and intuitive.

Enjoy Facebook Integration

- 1 Acquire new "Likes" easily.
- 2 Gain huge viral exposure to a focused target audience.
- 3 Unique and trendy service increases visitors' satisfaction.

Performance Dashboard for Online Event Monitoring

Total number of visitors' Facebook friends (potentially exposed to the activity)

Number of visitors who have downloaded their pictures

Links to visitors' Facebook profiles (ability to review friends reactions)
